Professional Background

Specialties

Petrochemical and Energy Services

Scope of Service Experience

Bryce Custer realized the need for commercial real estate services to help with petrochemical and derivatives companies locating in the Ohio River Corridor in anticipation of upstream and downstream activity from the Shell Chemical petroleum cracker plant in Monaca, PA. From this realization Ohio River Corridor, LLC, was born.

Custer was also the owner of Leadership Development Centers, a sales and management firm affiliated with Wilson Learning Corporation. Custer worked with numerous clients throughout northeastern Ohio and Charlotte, North Carolina in the area of managerial and sales development. In 2001, the firm was sold in order to focus on real estate ventures.

Prior to real estate investing, Custer was an environmental chemist at Wadsworth/Alert Laboratories (now known as TestAmerica). While at Wadsworth/Alert he was instrumental in meeting the needs of clients as GC/MS analyst, Sr. Project Manager and Assistant Laboratory manager for ten years.

Custer resides in North Canton, Ohio with his wife Kym and their two dogs (Bella and Trumpy.) In there spare time they enjoy boating on the Great Lakes from there home port in Vermilion, OH. Between them they have five children and five grandchildren.

Background & Experience

Custer brings with him experience in all aspects of commercial real estate including acquisition, disposition and development
