Real Estate Agency Relationships:

Seller's Agent - A seller's agent, under a listing agreement with the seller, acts solely on behalf of the seller. A seller can authorize a seller's agent to work with subagents, buyer's agents and/or transaction coordinators. A subagent is one who has agreed to work with the listing agent, and who, like the listing agent, acts solely on behalf of the seller. Seller's agents and subagents will disclose to the seller known information about the buyer which may be used to the benefit of the seller. Individual services may be waived by the seller through execution of a limited service agreement.

Buyer's Agent - A buyer's agent, under a buyer's agency agreement with the buyer, acts solely on behalf of the buyer. Buyer's agents and subagents will disclose to the buyer known information about the seller which may be used to benefit the buyer. Individual services may be waived by the buyer through execution of a limited service agreement.

Dual Agents - A real estate licensee can be the agent of both the seller and the buyer in a transaction, but only with the knowledge and informed consent, in writing, of both the seller and the buyer. In such a dual agency situation, the agent will not be able to disclose all known information to either the seller or the buyer. The obligations of a dual agent are subject to any specific provisions set forth in any agreement between the dual agent, the seller, and the buyer.
