## Sec. 2-28. B-7, Highway Tourist Commercial Zoning District.

A. PURPOSE: The purpose of the B-7, Highway Tourist Commercial Zoning District is to provide for a variety of tourist facilities and tourist-related support activities in an attractive setting which will promote pedestrian activity and reinforce positive visitor experience. This district is designed for use within or in close proximity to other districts within which major transient lodging development has occurred or is permitted.

Convenience food store, type A.

- a. Hours of operation may be limited in order to minimize adverse impacts on adjacent residential areas.
- b. Screening and buffering shall be required to the degree necessary to minimize the impact on residential areas to the maximum extent feasible.
- c. If applicable, the store operation shall comply with the Convenience Business Security Act (F.S. § 812.1701 et seq.), as amended from time to time.
- d. Shall be located at the intersection of two (2) public rights-of-way; this provision may be waived by the city commission, subject to the applicant demonstrating that the site will not have detrimental impacts to the traffic flow on the adjacent street.
- (19) Convenience food store, type B. All the requirements for convenience stores, type A shall apply in addition to the following:
  - a. Traffic circulation shall be designed so as to provide safe ingress and egress.
  - b. The site is designed to provide a distinct separation of internal traffic and parking bay locations between the convenience store use and the gasoline pump area.
- (20) Convenience food store, type C. All the requirements for convenience stores, type A and B shall apply, in addition to the following:
  - a. The minimum lot area shall be at least one and one-quarter (1½) acres.
  - b. All pump island canopies shall comply with all setback requirements of the Greenbelt Overlay District as amended.
  - c. Traffic circulation shall be designed so as to separate convenience store traffic from gasoline sales traffic and drive-through traffic.
  - d. The principal structure housing all uses on the site shall be a minimum of two thousand (2,000) square feet in area.
