## PROPERTY OVERVIEW

Reach over 34 million customers within a six hour drive of this location in the heart of Central Florida's hottest industrial/distribution corridor. These 119+/- acres near I-75/Hwy 326 interchange offer both heavy power and rail services within an Opportunity Zone. Robust labor market of 287,330 drawing from three county area. Perfect location for e-commerce, distribution or manufacturing. Current access to I-75 via 63rd Street flyover. New \$76.2 million I-75 interchange funded and scheduled to begin construction early 2025. Corporate neighbors include Amazon, FedEx, Autozone, Chewy.com and Green Thumb Industries. Survey, Phase I environmental, geo tech testing, threatened and endangered studies complete and clear.

## PROPERTY HIGHLIGHTS

- Excellent Workforce
- Opportunity Zone
- Visible From I-75
- Heavy Power and Rail Available
- Ideal Location for E-Commerce, Distribution or Manufacturing

LOCAL

# When will that new I-75 interchange at NW 49th Street be built in Ocala/Marion County?

**By Joe Callahan**

Ocala Star-Banner

Published 5:00 a.m. ET Sept. 1, 2022

The Florida Department of Transportation is planning to construct a new Interstate 75 interchange just north of the Ocala/Marion County Commerce Park, the warehousing and distribution center also known as Ocala 489.

The Ocala/Marion County Commerce Park is home to Amazon, FedEx, Chewy, AutoZone and others. Years ago, before the park was built out, government officials knew that a new I-75 interchange would be needed.

Last week, FDOT unveiled its design for the interchange at Northwest 49th Street. They also provided details about when the project should begin, how much it will cost and how the unique design will work.

**I-75 congestion:** Where will the next I-75 exit or flyover be in south Marion?

**Development:** 77 acres west of Ocala's planned I-75 interchange at 49th Street sells for \$5.4 million

**No left turns:** Planned I-75 interchange may use diverging diamond design

Construction on the final phase – the actual interchange portion – should begin by early 2025.

The total cost of the project, including funds from both the county and state, is \$76.2 million:

\$3.4 million for planning and engineering

\$3.3 million for design

\$10.2 million in right-of-way acquisition

\$59.3 million in construction

The project is expected to provide relief to the congestion and operational deficiencies at the existing I-75 interchanges to the immediate north (State Road 326) and south (U.S. 27.)

According to the FDOT preliminary plan report, the need for a new I-75 interchange is categorized in four areas:

**Economic viability and job creation:** The interchange will support the economic viability of the Ocala 489, which is intended to serve as an economic engine for job creation in the region.

**Improve I-75 and regional mobility:** It will provide more direct and efficient access to I-75, thus facilitating interstate and regional mobility and efficient movement of goods.

**Address locally supported long term regional needs:** The interchange will provide important access to I-75 as part of a locally supported long-range vision for an east-west corridor parallel to US 27 and State Road 326.

**Accommodate future traffic growth:** It is needed to accommodate projected future year traffic volumes. Marion County has experienced a significant and sustained growth in population since 1970.

## **New interchange designs will help drivers make turns safely**

Officials also gave more clarity to a unique interchange design that was first used in Europe about 20 years ago. It has only been used by traffic engineers in a handful of areas across the nation.

The design is called a "Diverging Diamond Interchange," or what traffic engineers call a DDI. Northwest 35th Street on the east side of I-75 will be connected to the west side of the interstate to Northwest 49th Street.

Megan Owens, FDOT's project engineer, wrote that "the DDI design was chosen because it has proven to enhance efficiency and increase safety by eliminating left turns across oncoming traffic."

## **What is a diverging diamond interchange and how does it work?**

Unlike a conventional interchange, the lanes in a DDI plan crisscross as they cross the I-75 overpass. That means, while crossing over the overpass, traffic will be traveling on the

opposite side of the highway, so to speak.

"The DDI is an alternative to the conventional diamond interchange," the report notes. "The primary difference between a DDI and a conventional diamond interchange is the design of directional crossovers on either side of the interchange."

The idea is to eliminate "the need for left-turning vehicles to cross the paths of approaching through vehicles."

By shifting traffic to the left side of the street between the signalized crossover intersections, vehicles getting on or off of I-75 and need to make a left turn do not conflict with vehicles approaching from other directions.

"This allows for a simple two-phase operation at the two signalized intersections within the interchange (no left turns), thus improving efficiency," the report states. The state has a YouTube video (<https://www.youtube.com/watch?v=mHRjNxwFzZs>) for further explanation.

There will be traffic signals just east and west of the overpass. The westbound traffic will cross over to the eastbound side, and vice-versa for eastbound traffic. The traffic will then cross back at a traffic signal on the opposite side.

"The design limits the number of traffic signal phases and allows drivers to make a left turn without crossing in front of oncoming traffic," a DOT plan states. "The lanes then change back to the right side of the road on each of the interstate."

Marion County is building a connection from the the new interchange southeast to Northwest 35th Street. Marion County will also be purchasing the right-of-way. The interchange will include shared use paths, on-street bicycle lanes, sidewalks and crosswalks.

## ADVISOR BIO

### BARTOW MCDONALD IV

Managing Director

bartow.mcdonald@svn.com

**Direct:** 352.274.3800 | **Cell:** 352.274.3800

## PROFESSIONAL BACKGROUND

Bartow McDonald IV serves as managing director for SVN | McDonald & Company in Ocala, FL, where he enjoys working on commercial real estate deals throughout Florida.

Prior to joining SVN, McDonald served as the vice president of acquisitions and development for Cope Properties, Inc. in Ocala, Florida where he was responsible for the acquisition, entitlement, and marketing of portfolio and client properties.

Previously, McDonald served as the founder and chief executive officer of two start-up companies; Bluewire, a service based electrical solutions company and StoreParts, a e-commerce company that supplied supply chain management technology to the supermarket and food retail industries.

Before starting two companies, McDonald spent six years working for a fast-growing international manufacturing firm, where he gained in depth industrial experience through his leadership positions in manufacturing operations, distribution, logistics and marketing.

In the early 1990's, McDonald served in college leadership with Young Life and interned with the Southwestern Company and Merrill Lynch.

McDonald previously served on the board of directors for RMI (Reciprocal Ministries International), The Ocala Chamber of Commerce, the Central Florida Commercial Association of Realtors, the regional advisory board of directors for RBC Bank and as a director on the advisory board for Wachovia Bank. In addition, he has participated as a conference speaker for the Florida Venture Capital Forum, the Food Marketing Institute and has been quoted in the Wall Street Journal, Forbes and the New York Times.

Sight fishing and bow hunting are two things that will get him up before sunrise.

## DISCLAIMER

The material contained in this Offering Brochure is furnished solely for the purpose of considering the purchase of the property within and is not to be used for any other purpose. This information should not, under any circumstances, be photocopied or disclosed to any third party without the written consent of the SVN® Advisor or Property Owner, or used for any purpose whatsoever other than to evaluate the possible purchase of the Property.

The only party authorized to represent the Owner in connection with the sale of the Property is the SVN Advisor listed in this proposal, and no other person is authorized by the Owner to provide any information or to make any representations other than contained in this Offering Brochure. If the person receiving these materials does not choose to pursue a purchase of the Property, this Offering Brochure must be returned to the SVN Advisor.

Neither the SVN Advisor nor the Owner make any representation or warranty, express or implied, as to the accuracy or completeness of the information contained herein, and nothing contained herein is or shall be relied upon as a promise or representation as to the future representation of the Property. This Offering Brochure may include certain statements and estimates with respect to the Property. These Assumptions may or may not be proven to be correct, and there can be no assurance that such estimates will be achieved. Further, the SVN Advisor and the Owner disclaim any and all liability for representations or warranties, expressed or implied, contained in or omitted from this Offering Brochure, or any other written or oral communication transmitted or made available to the recipient. The recipient shall be entitled to rely solely on those representations and warranties that may be made to it in any final, fully executed and delivered Real Estate Purchase Agreement between it and Owner.

The information contained herein is subject to change without notice and the recipient of these materials shall not look to Owner or the SVN Advisor nor any of their officers, employees, representatives, independent contractors or affiliates, for the accuracy or completeness thereof. Recipients of this Offering Brochure are advised and encouraged to conduct their own comprehensive review and analysis of the Property.

This Offering Brochure is a solicitation of interest only and is not an offer to sell the Property. The Owner expressly reserves the right, at its sole discretion, to reject any or all expressions of interest to purchase the Property and expressly reserves the right, at its sole discretion, to terminate negotiations with any entity, for any reason, at any time with or without notice. The Owner shall have no legal commitment or obligation to any entity reviewing the Offering Brochure or making an offer to purchase the Property unless and until the Owner executes and delivers a signed Real Estate Purchase Agreement on terms acceptable to Owner, in Owner's sole discretion. By submitting an offer, a prospective purchaser will be deemed to have acknowledged the foregoing and agreed to release the Owner and the SVN Advisor from any liability with respect thereto.

To the extent Owner or any agent of Owner corresponds with any prospective purchaser, any prospective purchaser should not rely on any such correspondence or statements as binding Owner. Only a fully executed Real Estate Purchase Agreement shall bind the property and each prospective purchaser proceeds at its own risk.
