EXECUTIVE SUMMARY

NAI KLNB, in conjunction with NAI Isaac, is pleased to present the opportunity to purchase Lexington Professional Center (the "Property"), a four-story, vacant 180,866 square foot office building located on 15.27 acres at 101 Yorkshire Boulevard in Lexington, Kentucky. The Property is contiguous to CHI Saint Joseph Health's Saint Joseph East Hospital campus. The campus includes the full-service, 217-bed Saint Joseph East Hospital and the 60,000 square foot Women's Hospital Saint Joseph East.

The Property is well-located in a very healthy suburban office market. The East Lexington/Fayette office submarket has an inventory of about 7.4 million square feet, of which 11.4 percent is vacant. Moreover, the submarket's vacancy has not exceeded 13.6 percent level over the past decade. Rental rates have grown slowly but steadily over the past ten years, with a current market rate of \$17.74 per square foot.

Lexington Professional Center represents an opportunity to acquire an attractive office building at a significant discount to replacement cost in a market with strong leasing fundamentals. By acquiring the building at an attractive basis, the new owner can lease the building at a below-market rate and still generate out-sized returns. The Property's adjacency to the hospital campus makes it an attractive leasing opportunity for medical users as well.

INVESTMENT HIGHLIGHTS

STRONG LEASING MARKET

The East Lexington/Fayette office submarket's vacancy stands at a healthy 11.4 percent. Rental rates have climbed steadily, and there are few new deliveries: on average, only 40,000 square feet of new office product is delivered annually.

ATTRACTIVE BASIS

The Property is anticipated to transact a price that is a fraction of replacement cost, affording the new owner the opportunity to complete transactions at well-below market rents and lease the building quickly.

ATTRACTIVE, WELL-MAINTAINED BUILDING

Lexington Professional Center is extremely well-maintained. The property has had significant recent improvements. Report capital improvements include but are not limited to an asphalt partial overlay plus entire seal, coat, and stripe (2014), exterior seal and caulking (2014), roof and atrium dome replacement (2016), and electrical upgrades including generator (2016).

INVESTMENT HIGHLIGHTS

BUSINESS FRIENDLY LOCATION

benefits Lexington from Kentucky's business friendly environment. In 2019, Site Selection Magazine ranked Kentucky the number 14 top state business climate, and Smart Asset ranked Lexington the number six city with the lowest startup costs. The cost of living in Lexington is also well below the national average. The U.S. Census Bureau reports that Lexington has the 11th most highly educated workforce in the nation.

CENTRAL LOCATION

According to Commerce Lexington Economic Development, Lexington is only 600 miles from over two-thirds of the U.S. Population. It also sits at the crossroads of two major interstates – I-75 and I-64 – giving companies in Lexington direct access to both north-south and east-west arteries.

LIMITED COMPETITION

There is only one competing 100,000 square foot or larger availability in the entire submarket.

POSSIBLE ADAPTIVE REUSE

Lexington Professional Center could be a candidate for conversion or partial conversion to medical, life science, multifamily, or storage use. Given the high cost of new construction, such conversions are becoming more and more viable.

The subject of this offering is a highly desirable office building containing approximately 180,866 RSF. The Property is being offered free and clear of any mortgage financing or management.

The transaction will be conducted through an offering process in accordance with the terms and conditions of this Offering memorandum, which NAI KLNB may, in its sole discretion, amend or update (provided that NAI KLNB has no obligation to amend or update the information included herein or otherwise made available to prospective purchasers). Each prospective purchaser has signed a Confidentiality Agreement in form and substance satisfactory to NAI KLNB as a condition of its receipt of this Offering Memorandum.

Inquiries concerning the procedures outlined in this Offering Memorandum may be directed to:
