Buyer's agents and subagents will disclose to the buyer known information about the seller which may be used to benefit the buyer. Individual services may be waived by the buyer through execution of a limited service agreement.

*Dual Agents* - A real estate licensee can be the agent of both the seller and the buyer in a transaction, but only with the knowledge and informed consent, in writing, of both the seller and the buyer. In such a dual agency situation, the agent will not be able to disclose all known information to either the seller or the buyer. The obligations of a dual agent are subject to any specific provisions set forth in any agreement between the dual agent, the seller, and the buyer.
